Making community connections

Fall Creek Fire Station Has 24 Hour Staffing

The Lowell Rural Fire Protection District has moved to 24 hour staffing to provide better service to the District. We would like to introduce the three employees who will be providing this staffing.

Nathan Brown started with the District in April of 1992 as a Junior Firefighter. During his time, he has moved up through the ranks to his current rank of Captain. In 2006 he was named Volunteer of the Year along with receiving the Distinguished Service medal. In 2015 he was a member of the group that received a Unit Citation for a particularly difficult response. Nathan is a graduate of Lowell High School and was a long-time resident of the community. He is looking forward to being able to continue serving the

community and its visitors.

Lloyd Hall has been a member of Lowell Fire since August of 2008. He has lived in Lowell off and on since 2009 as a live-in Resident Firefighter. Living at the fire station allowed me to pursue my education in Fire and EMS and at the same time give back to the community. He loves living in this town and purchased a house here in 2016. "My favorite part of living in Lowell is all of the people I get to interact with on a daily basis, whether its talking to people at the store or striking up a conversation while walking around town, it feels like you are part of one big family. I have been given the opportunity by Lowell Fire to continue serving this community as a paid Lieutenant and I look forward to continuing my service to the community for many years to come", said Lloyd.

Downtown Master Plan Adopted

The Lowell City Council adopted the Downtown Master Plan at their City Council meeting on July 16. The plan was developed in partnership with residents and stakeholders through fifteen (15) outreach events and opportunities, including a household survey mailed to Lowell residents.

The following vision and goals – crafted from this outreach – guided the development of the Downtown Master Plan.

Vision: A quaint downtown with a central park, multi-story mixed use buildings, a variety of homes, and wide sidewalks connecting to Dexter Lake's recreational opportunities.

Goals:

1. Quaint Downtown – Downtown Lowell will be defined by gateways, have its City Hall at the center, and streets will be walkable with slow traffic.
2. Central Park – A central park will be at the heart of downtown and provide a tree-lined, comfortable place for pedestrians.
3. Multi-Story Mixed-Use Buildings – Buildings in the downtown area will be a mix of commercial and residential uses with a diversity of businesses.
4. Variety of Homes – Homes in the downtown will be a mix of sizes and be available to a wide range of income levels.
5. Connected, Wide Sidewalks – Downtown Lowell will incorporate an interconnected system of sidewalks and multi-modal pathways to better connect green spaces and amenities such as Dexter Lake.

The vision and goals were utilized to develop strategies, policy recommendations, and projects to increase walkability, improve connectivity to parks, encourage housing diversity, and link community benefits to all aspects of development. For more information about the Plan, please visit www.ci.lowell.or.us/downtown-master-plan.

FROM THE LOWELL FIRE DISTRICT

By Chief Lon Dragt

Continued from cover page: Fall Creek Station Staffing

My name is Chris Zammarelli and I've been a member of the Lowell fire Protection district since October of 2013. I was born and raised in Eugene and love this area. I currently live in Springfield with my six-year-old dog named Rocky. He enjoys going on hikes and swims at Dexter and Fall Creek lakes. I commute to Lowell for work and absolutely love the community here. I always knew I wanted to be a firefighter and have always had a passion for helping people in need. Lowell Fire has given me a great opportunity to volunteer while I went to school to earn my fire science degree and paramedic certification. I now work as a full-time lieutenant and love it. When I'm not working as a firefighter, I enjoy rock climbing, snowboarding, playing golf with my pops, working out at the gym, and going on new adventures with Rocky. I am excited to continue to be able to work for and serve the community of Lowell.
